Independent Auditor's Report

Board of Directors
Iowa Health System and Subsidiaries
d/b/a UnityPoint Health

We have audited the accompanying consolidated financial statements of Iowa Health System and Subsidiaries d/b/a UnityPoint Health (the System), which comprise the consolidated balance sheets as of December 31, 2015 and 2014, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the System as of December 31, 2015 and 2014, and the results of its operations, the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating schedules of the System and the balance sheets and revenue and gains, expenses and losses information for the Colleges of Nursing within the System listed in the table of contents are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. The consolidating information is presented for purposes of additional analysis of the consolidated financial statements, rather than to present the financial position, changes in net assets and cash flows of the individual entities. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

(Dollars in Thousands)

December 31, 2015 and 2014

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Organization

Iowa Health System is an Iowa nonprofit corporation formed in December 1994. Iowa Health System and its subsidiaries provide inpatient and outpatient care and physician services from seventeen hospital facilities and various ambulatory service and clinic locations in Iowa, Illinois and Wisconsin. Primary, secondary and tertiary care services are provided to residents of Iowa, Illinois, Wisconsin and adjacent states.

Iowa Health System publicly operates as UnityPoint Health (the System). The legal name of the parent remains Iowa Health System, with the UnityPoint Health name reflecting a doing business as (d/b/a). This “d/b/a” name reflects the transformation of clinical processes underway within the System and the adaptation to better address the health care needs of communities, including building a model of delivering health care that coordinates care around the patient while focusing on improving the quality of care and reducing costs.

Basis of Presentation

The consolidated financial statements include the accounts of UnityPoint Health and its subsidiaries listed below:

- Central Iowa Health System and Subsidiaries (d/b/a UnityPoint Health - Des Moines) (Des Moines)
- Methodist Health Services Corporation and Subsidiaries (Peoria)
- Trinity Regional Health System and Subsidiaries (Rock Island)
- Meriter Health Services, Inc. and Subsidiaries (Madison)
- St. Luke’s Healthcare and Subsidiaries (Cedar Rapids)
- Allen Health Systems, Inc. and Subsidiaries (Waterloo)
- St. Luke’s Health System, Inc. (Sioux City)
- Trinity Health Systems, Inc. and Subsidiaries (Fort Dodge)
- Finley Tri-States Health Group, Inc. and Subsidiaries (Dubuque)
- Iowa Physicians Clinic Medical Foundation (d/b/a UnityPoint Clinic)
- UnityPoint at Home (formerly known as Intrust and formerly d/b/a Iowa Health Home Care)
- Physicians Plus Insurance Company (PPIC)

On January 1, 2014, the System closed on an Affiliation Agreement with Meriter Health Services, Inc. (MHS). Under the terms of the Affiliation Agreement, the System became the sole corporate member of MHS.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Also, as part of this agreement, the System purchased MHS's ownership interest in PPIC, a for-profit health maintenance organization licensed under Wisconsin statutes, effective February 1, 2014.

All significant intercompany balances and transactions have been eliminated in consolidation.

Reclassifications

Certain reclassifications have been made to the 2014 consolidated financial statements to conform to the 2015 consolidated financial statement presentation. These reclassifications had no effect on the change in net assets.

Noncontrolling Interests

The consolidated financial statements include all assets, liabilities, revenues and expenses of entities that are controlled by the System and, therefore, consolidated. Noncontrolling interests in the consolidated balance sheets and statements of operations represent the portion of net assets owned by entities outside the System and related revenues and expenses for those entities in which the System's ownership interest is less than 100%. In 2015, the System entered into a transaction for ownership in a surgery center with a significant noncontrolling interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash, Cash Equivalents and Short-term Investments

Cash equivalents consist of demand deposits, money market funds and other debt securities with original maturities of three months or less at the date of purchase, other than those included in assets limited as to use or held in brokerage accounts. A portion of these balances are held in a pooled cash management account, with the balances and activity remaining within the respective subsidiaries. Short-term investments consist of debt securities with maturities between 91 and 365 days of the consolidated balance sheet date and other investments held as part of deferred compensation arrangements whose distributions will occur within one year.

At times, the System's cash accounts exceeded federally insured limits. Management believes that the institutions where cash accounts are maintained are financially stable and that the credit risk related to deposits is minimal.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Assets Limited as to Use

Assets limited as to use include amounts held by trustees under bond indenture agreements and related documents, assets required by statute to be held in a state security fund deposit and assets internally designated by the Board of Directors for identified purposes and over which the Board of Directors retains control and may, at its discretion, subsequently use for other purposes. Amounts required to meet current liabilities are classified as current assets.

Inventories

Inventories consist of supplies and are stated at the lower of cost or market.

Investments and Investment Income

Investments in equity securities with readily determinable fair values and all investments in fixed income securities are measured at fair value in the consolidated balance sheets. The fair values are based on quoted market prices or dealer quotes.

Investments in joint ventures and other affiliates, which are more than 20% and not more than 50% owned, are recorded using the equity method. Other investments are reported at cost, as adjusted for permanent impairment in value, if any.

Realized gains and losses from the sale of investments, interest and dividends (except those earned as a function of operations) and unrealized gains and losses on investments classified as trading securities and those carried at fair value pursuant to ASC Topic 825 are reported as nonoperating gains (losses) unless restricted by a donor. Income from investments restricted by donors is included as a component of the change in net assets based upon the nature of the restriction.

The System elected the fair value option for its alternative investments (including hedge funds and private equity funds) that are primarily limited liability corporations and partnerships. Management has elected the fair value option for the alternative investments because it more accurately reflects the portfolio returns and financial position of the System. Gains and losses on investments subject to the fair value option are reported in investment income in nonoperating gains (losses) in the accompanying consolidated statements of operations.

Refer to Notes 5 and 13 for additional disclosures regarding balance sheet line items and fair value of those investments carried under Topic 825.

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs), and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Property, Plant and Equipment

Property, plant and equipment acquisitions are recorded at cost less accumulated depreciation. Depreciation is provided primarily using the straight-line method over the estimated useful lives of the assets. Depreciation of assets under capital lease is provided using the straight-line method over the shorter of the lease term or the estimated useful life of the assets. Donated property, plant

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

and equipment are recorded at fair market value at the date of donation.

The System capitalizes interest costs as a component of construction in progress, based on interest costs of borrowing specifically for a project, net of interest earned on investments acquired with the proceeds of the borrowing. During 2015 and 2014, the System capitalized \$3,140 and \$3,999 of interest expense, respectively.

Long-lived Asset Impairment

The System evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value.

Asset impairments of \$2,315 and \$1,538 were recognized during the years ended December 31, 2015 and 2014, respectively.

Other Assets

Other assets include certain intangible assets that are stated at cost less accumulated amortization. In addition, other assets include goodwill. The System has \$56,277 and \$3,090 of goodwill at December 31, 2015 and 2014, respectively. The increase in goodwill was due to new ownership in an ambulatory surgery center. Annually, the System performs an impairment test of its goodwill and intangible assets and any identified impairment loss is recognized as expense. The analysis performed during 2015 and 2014 showed the carrying amount exceeded fair value for one of the System's subsidiaries and \$500 and \$1,154 of impairment was recognized in operating expenses in the accompanying consolidated statements of operations in 2015 and 2014, respectively.

Other intangible assets at December 31, 2015 and 2014 were \$15,032 and \$11,543, respectively, which are subject to amortization. Other assets also include deferred financing costs, which are amortized over the period the obligation is expected to be outstanding.

Net Assets

Net assets are classified into three mutually exclusive classes: unrestricted, temporarily restricted and permanently restricted. The three classes are based on the presence or absence of donor-imposed restrictions. Temporarily restricted net assets are those whose use has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors in perpetuity. The expiration of donor restrictions is recorded in the period in which the restrictions expire.

Temporarily restricted net assets are generally restricted for capital expenditures, passage of time or other donor specified restrictions.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

For entities in which the System has less than full ownership but has a controlling interest, a non-controlling interest is recorded for the portion of net assets controlled by unrelated parties.

Excess of Revenues Over Expenses

Excess of revenues over expense transactions affecting unrestricted net assets are reflected in the consolidated statements of operations. Consistent with industry practice, the effective portion of derivative instruments qualifying for hedge accounting carried at fair value, changes in defined benefit plans, and contributions of long-lived assets (including assets acquired with donor-restricted cash contributions) are excluded from determination of the excess of revenues over expenses. Transactions related to temporarily or permanently restricted net assets are recorded as additions or deductions to net assets and reflected in the consolidated statements of changes in net assets.

Net Patient Service Revenue and Accounts Receivable

Net patient service revenue is reported at the estimated net realizable amount, primarily from patients and third-party payers, for services provided, including retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period in which the related services are provided, and adjusted in future periods as final settlements are determined. The System recognizes patient service revenue in the period the services are provided on the basis of contractual or standard rates for services provided less a provision for uncollectible accounts.

Patient accounts receivable are stated at net realizable value. The receivables are netted down for allowances based on contractually due amounts as well as a provision for uncollectible accounts. The difference between the standard rates (or the discounted rates if negotiated or provided by policy) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for uncollectible accounts. In evaluating the collectability of accounts receivable, the System analyzes its past history and identifies trends for each of its major payer sources of revenue to estimate the appropriate allowance for uncollectible accounts and provision for uncollectible accounts. Management regularly reviews data about these major payer sources of revenue in evaluating the sufficiency of the allowance for uncollectible accounts.

The System's allowance for uncollectible accounts at December 31, 2015 and 2014 was \$65,335 and \$70,879, respectively. The allowance for uncollectible accounts (including a portion allowed for financial assistance) for self-pay patients was approximately 93% and 96% of self-pay accounts receivable at December 31, 2015 and 2014, respectively. The provision for patient uncollectible accounts for the year ended December 31, 2015 was \$115,665 compared to \$124,330 for the year ended December 31, 2014. The decrease in expense was due to a continued decline in the number of uninsured self-pay patients during the year, which is a direct effect of the provisions of the *Patient Protection and Affordable Care Act (PPACA)*, and the resulting expansion of Medicaid coverage by both Iowa and Illinois, the two largest states where the System has a presence.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Patient service revenues at established rates less third-party payer contractual adjustments (but before the provision for uncollectible accounts), recognized in the years ended December 31 were approximately:

	2015	2014
Medicare	\$ 1,194,749	\$ 1,078,120
Medicaid	493,067	467,887
Wellmark/Blue Cross	865,226	754,710
Commercial and other	907,791	982,650
Self-pay	59,183	94,484
	<u><u>\$ 3,520,016</u></u>	<u><u>\$ 3,377,851</u></u>

Patient accounts receivable, less allowances for contractual adjustments and uncollectible accounts at December 31 were as follows:

	2015	2014
Medicare	\$ 129,859	\$ 134,838
Medicaid	47,347	60,067
Wellmark/Blue Cross	82,062	72,229
Commercial and other	161,528	164,251
Self-pay	40,286	28,716
	<u><u>\$ 461,082</u></u>	<u><u>\$ 460,101</u></u>

Premium Revenue

Premium revenue is billed in advance of its respective coverage periods. Those billings are recorded as deferred premium revenue until the month of coverage, at which time they are recognized as revenue in accordance with the terms of the contracts.

Medical Claims and Capitation Payments

Medical claims and capitation payments consist of fixed contractual payments to providers net of coordination of benefits and subrogation recoveries, and premiums paid for reinsurance, net of reinsurance recoveries. An unrelated organization has assumed a portion of the responsibility for certain medical and professional services provided in Dane County, Wisconsin, PPIC's primary service area, that PPIC is obligated to provide to covered members enrolled in the plan in exchange for monthly capitation payments.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Claims payable result from both claims reported but not paid and claims that have been incurred but not yet reported. Such liabilities are based on assumptions and estimates, and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed, and any adjustments are reflected in the period determined.

Charity Care

The System provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than established rates. Amounts determined to be charity care are not reported as revenue.

Functional Expenses

The System provides general health care services, including acute inpatient, outpatient, physician, ambulatory, long-term and home health care, and incurs related general and administrative expenses. Expenses related to providing these services for the years ended December 31 were as follows:

	2015	2014
General health care services	\$ 2,841,904	\$ 2,683,216
Management, general and administrative	963,422	907,925
Research	15,574	2,995
	<u>\$ 3,820,900</u>	<u>\$ 3,594,136</u>

Contributions and Beneficial Interest in Net Assets

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Donor-imposed restrictions are considered fulfilled as soon as the stipulated time has expired or the qualifying expenditure has been made. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions.

Contributions not expected to be collected within a year are recorded at the present value of expected future cash flows using a risk-free interest rate over the term of the contribution. Contributions of property are recorded at fair value when received.

Interests in charitable trusts and perpetual trusts are carried at the present value of expected future cash flows, which approximates fair value. The System's interest in the net assets (the Interest) of certain foundations that raise and hold assets on behalf of the System is accounted for in a manner similar to the equity method. The Interest is stated at fair value, and changes in the Interest are

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

included in the change in net assets. Transfers of assets between these foundations and the System are recognized as increases or decreases in the Interest.

Estimated Malpractice Costs, Health Insurance and Workers' Compensation

An annual estimated provision is accrued for the self-insured portion of medical malpractice, health insurance and workers' compensation claims and includes an estimate of the ultimate costs for both reported claims and claims incurred but not reported.

Claims liabilities are recorded at the gross amount, without consideration of insurance recoveries. Expected recoveries are presented separately as receivables in the consolidated balance sheets.

Interest Rate Swap Agreements

The System has entered into various interest rate swap agreements (the Swaps) to reduce the effect of changes in cash flows primarily related to interest rate fluctuations on the System's various variable rate demand bond issues. The Swaps were entered into for the risk management purpose of reducing the variability in cash flows related to the System's variable rate debt.

As described in Note 8, the System has designated certain swaps as hedges, while other swaps have not been designated as hedging instruments. The effective portion of changes in the fair value of swaps designated as hedges is recognized as a component of other changes in net assets, while the ineffective portion of these swaps changes in fair value, and all changes in fair value of swaps not designated as hedges, is recorded as a component of nonoperating gains (losses) in excess of revenues over expenses.

The Swaps are recognized on the consolidated balance sheets at fair value. The net cash payments or receipts under the Swaps designated as hedging instruments are recorded as an increase or decrease to interest expense. The net cash payments or receipts under the Swaps not designated as hedges are recorded as an increase or decrease to other nonoperating income (loss).

Income Taxes

UnityPoint Health and most of its subsidiaries are classified as tax-exempt organizations as described in Sections 501(c)(3) and 501(c)(2) of the Internal Revenue Code (the Code). Tax-exempt organizations are not subject to federal and state income taxes on related income, pursuant to Section 501(a) of the Code. These organizations are subject to federal and state income taxes to the extent they have unrelated business income as described under provisions of Section 511 of the Code.

The System files Form 990 for substantially all of its operating entities in the U.S. federal jurisdiction and is no longer subject to examination by tax authorities for the years before 2012. The System has no material uncertain tax positions.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Certain subsidiaries are subject to federal and state income taxes. Some of these corporations have accumulated net operating loss carryforwards that are available to offset future taxable income, if any, during the carryforward period. Deferred tax assets and liabilities related to these subsidiaries were not material.

Retirement Plans

Substantially all employees meeting age and length of service requirements participate in defined contribution plans. Certain subsidiaries also have defined benefit plans, most of which have been substantially frozen. Pension costs for the defined benefit plans, which are composed of normal costs and amortization of prior service costs related to defined benefit plans, are funded currently.

Note 2: Affiliations

Meriter Health Services, Inc. (Madison)

Effective January 1, 2014, MHS of Madison, Wisconsin, became a consolidated subsidiary of the System. The results of MHS's operations have been included in the consolidated financial statements since that date. MHS is a nationally recognized health system comprised of Meriter Hospital (a non-profit 448-bed community hospital); Meriter Medical Group, offering primary and specialty care; and PPIC. MHS complements the System's current provider group and expand its service area into the South-Central Wisconsin region. The affiliation provided both the System and MHS the ability to continue to develop their population health and care coordination capabilities, while providing MHS with greater efficiencies available through the System. PPIC was subsequently transferred out of MHS and directly to the System, which is discussed further below. The affiliation was accomplished by the System becoming the sole corporate member of MHS and having the ability to appoint the board members of MHS. No consideration was transferred for the net assets of MHS, thus the fair value of unrestricted net assets received by the System is shown as contribution revenue in the consolidated statement of operations for the year ended December 31, 2014.

On February 1, 2014, PPIC was transferred from MHS and became a direct subsidiary of the System. PPIC is a Wisconsin based for-profit corporation that contracts with business organizations, the State of Wisconsin and individuals, primarily in the Madison, Wisconsin area, to provide comprehensive medical care benefits. PPIC is organized as a health maintenance organization under Wisconsin statutes.

The System incurred \$5,253 of costs in connection with this affiliation, \$4,077 of which are included in other expenses in the consolidated statements of operations, for the year ended December 31, 2014, and \$1,176 of which was incurred in previous periods.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

The following table summarizes the fair value of the assets acquired and liabilities assumed recognized at the affiliation date:

Recognized Fair Value of Identifiable Assets Acquired and Liabilities Assumed

	2014
Current assets	\$ 154,181
Property, plant and equipment	281,022
Noncurrent assets	392,892
Total assets	<u>828,095</u>
Current liabilities	115,361
Long-term debt	224,987
Long-term liabilities	118,124
Total liabilities	<u>458,472</u>
Total contribution received	<u>\$ 369,623</u>

Summary of Contribution Received by Net Asset Classification

	2014
Unrestricted contribution received	\$ 363,462
Temporarily restricted contribution received	5,550
Permanently restricted contribution received	611
Total contribution received	<u>\$ 369,623</u>

The MHS affiliation resulted in an inherent contribution received of \$369,623, which represents the net recognized amount of the identifiable assets acquired over the liabilities assumed. Acquisition of the unrestricted net assets, in the amount of \$363,462, is included in contribution revenue in the consolidated statement of operations for the year ended December 31, 2014. The inherent contribution related to temporarily and permanently restricted net assets are included as increases to those classes of net assets in the amounts of \$5,550 and \$611, respectively, for the year ended December 31, 2014.

MHS, excluding PPIC, contributed revenues of \$469,133, excess of revenues over expenses of \$49,034, and changes in unrestricted, temporarily restricted and permanently restricted net assets of \$56,857, \$(859) and \$0, respectively, to the System for the year ended December 31, 2014. PPIC contributed revenues of \$234,762 and excess of revenues over expenses of \$3,170 for the same period.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Note 3: Charity Care

The System provides charity care and financial assistance discounts for medically necessary health care services provided to persons who meet the System's policy. The policy provides a percentage discount to the patient that decreases at gradually higher income levels or higher levels of household net assets. The benchmark which the income level is compared to is the Federal Poverty Income Guideline and is updated annually. Patients who are already receiving benefits from certain identified government programs qualify for presumptive eligibility.

The availability of charity care is widely communicated to all patients and patients are notified prior to receiving services if their treatment does not fall within the guidelines of the policy. Amounts charged for care that is provided to individuals eligible for charity may not be more than the amounts generally billed to individuals who have insurance covering such care. Amounts billed are based on either the best, or an average of the three best, negotiated commercial rates or Medicare rates.

Accounts that are classified by the System as charity care are not reported as net patient service revenue. In some cases, the charity care is subsidized by contributions from volunteer organizations or other donors. Charity care subsidies are not material to the consolidated financial statements.

Cost of charity care is calculated by applying hospital specific cost-to-charge ratios to the total amount of charity care deductions from gross revenue. The cost-to-charge ratio is calculated by taking the hospital total expenses and gross charges and applying adjustments to remove the cost of non-patient care activity, Medicaid provider taxes paid, identifiable community benefit expenses, as well as gross patient charges that are generated for identifiable community benefit services. The amount of charity care provided at cost was \$21,547 and \$27,405 for the years ended December 31, 2015 and 2014, respectively. The expansion of Medicaid coverage, under the provisions of the PPACA, for a large population of previously uninsured patients has had a significant impact on the amount of self-pay charges and resulting charity care provided.

Community benefit is also provided through reduced price services and free programs offered throughout the year. The System provides an array of uncompensated activities and services intended to meet the community health needs. These activities include wellness programs, community education programs and various health screening programs. The cost of providing these community benefit services is reported on Schedule H of the System's IRS Form 990.

Note 4: Third-Party Reimbursement

As a provider of health care services, the System generally grants credit to patients without requiring collateral or other security. The System routinely obtains assignments of (or is otherwise entitled to receive) patients' benefits payable under their health insurance programs, plans or policies. These health insurance programs or providers are commonly referred to as third-party payers and include the Medicare and Medicaid programs, Wellmark/Blue Cross and various health maintenance and preferred provider organizations.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

A major portion of the System's revenue is derived from these third-party payers. Significant changes have been made, and may be made, in certain of these programs, which could have a material, adverse impact on the financial condition of the System. These changes include federal and state laws and regulations, particularly those pertaining to Medicare and Medicaid.

The System has agreements with certain third-party payers that provide for payment of services at amounts that differ from established rates. Third-party payer payment rates vary by payer and include established charges; contracted rates less than established charges; prospectively determined rates per discharge, bundled payment per episode of care, per procedure, or per diem; and, retroactively determined cost-based rates.

The Centers for Medicaid and Medicare Services (CMS) has approved Iowa Medicaid's transition to managed care effective April 1, 2016. The System intends to participate in the provider networks of the managed care organizations.

Medicaid State Plans

The System has operations within states that have enacted a Medicaid State Plan. Under each of these plans, a tax assessment is levied on certain hospital providers in order to provide funding for Medicaid to obtain federal matching funds. A portion of these additional federal funds are then redistributed to participating hospitals through increased Medicaid payments in order to help bring Medicaid reimbursement closer to the cost of providing care. The allocation of these funds to specific health care providers is based primarily on the amount of care provided to Medicaid recipients.

The System's aggregate tax assessment during 2015 and 2014 was \$50,419 and \$50,268, respectively, and is included in operating expenses in the consolidated statements of operations. Additional Medicaid reimbursement in the same periods was approximately \$98,842 and \$105,524, respectively, and is included in net patient service revenue in the consolidated statements of operations, resulting in a net increase in operating income of \$48,423 and \$55,256 for 2015 and 2014, respectively.

Electronic Health Records Incentive Program

The Electronic Health Records Incentive Program, enacted as part of the *American Recovery and Reinvestment Act of 2009*, provides for incentive payments under both the Medicare and Medicaid programs to eligible hospitals and professionals that adopt and demonstrate meaningful use of certified electronic health records (EHR) technology. Payments under both the Medicare and Medicaid programs are generally made for up to four years based on a statutory formula. The System recognizes revenue for the incentive payments, using a grant accounting model, ratably over the reporting period, starting at the point when management is reasonably assured it will meet all of the meaningful use objectives. The System recorded revenue of \$10,343 and \$19,156 during 2015 and 2014, respectively, related to the Medicare and Medicaid programs, which is included in other operating revenue in the consolidated statements of operations.

	<u>\$ 32,656</u>	<u>\$ 162,152</u>

Alternative Investments

At December 31, 2015 and 2014, 16% and 15%, respectively, of the System's investments were invested in alternative investment vehicles. These investments are included in either internally designated or other long-term investments in the investment summary tables (previously presented) based on the underlying investments. Due to the nature of the alternative investments and the need for the fund managers to execute on long-term strategies, many of the vehicles contain specific lock-up periods, restricted redemption timing, as well as advanced notice of redemption requests.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

The fair value of alternative investments that have been estimated using net asset value per share as a practical expedient consist of the following at December 31:

	As of December 31, 2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Diversified property alternative fund	\$ 95,968	\$ -	Quarterly	65 days
Diversified private equity alternative fund	12,656	66,217	No specific lock-up provision	N/A
Structured credit alternative fund	62,351	-	Quarterly, 2 year lock-up*	65 days
Special situations alternative fund	64,676	-	Semi-annual, 2 year lock-up*	95 days
Multi-strategy offshore hedge fund	73,988	-	Quarterly, 1 year lock-up	65 days
Healthcare private equity fund I	9,735	1,103	10 year lock-up**	N/A
Healthcare private equity fund II	986	8,950	10 year lock-up**	N/A
	<u>\$ 320,360</u>	<u>\$ 76,270</u>		

	As of December 31, 2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Diversified property alternative fund	\$ 81,738	\$ -	Quarterly	65 days
Structured credit alternative fund	66,962	-	Quarterly, 2 year lock-up*	65 days
Special situations alternative fund	66,341	-	Semi-annual, 2 year lock-up*	95 days
Multi-strategy offshore hedge fund	76,704	-	Quarterly, 1 year lock-up	65 days
Multi-strategy offshore hedge fund	1,649	-	Liquidated, escrow hold-back	95 days
Multi-strategy hedge fund	187	-	Liquidated, escrow hold-back	95 days
Healthcare private equity fund	7,211	2,846	10 year lock-up**	N/A
	<u>\$ 300,792</u>	<u>\$ 2,846</u>		

* Subject to 2 year lock-up based on initial subscription in the investment, which will expire in 2016.

** Subject to 10 year lock-up based on initial subscriptions in the investment, which will expire between 2021 and 2025.

As of December 31, 2015, the alternative investment vehicles consist of four alternative funds, two private equity funds and one hedge fund. The investment strategy of the diversified property alternative fund is to invest in income producing real estate properties utilizing a low level of leverage. The diversified private equity alternative fund is an alternative fund with an objective of investing in a diversified set of private equity real estate funds. The structured credit alternative fund is a fixed income fund with an objective of generating high total returns using a strategy of investing in domestic credit markets, primarily through collateralized debt obligations and other structured credit instruments, such as loan participations and derivative instruments. The special situations alternative fund is a multi-strategy hedge fund-of-funds with the objective of achieving high returns balanced against an appropriate level of volatility and market exposure over a full market cycle. The hedge fund utilizes strategies aiming to provide low return volatility through tactical investment strategies while earning a total rate of return in excess of rates achieved from a

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

(Dollars in Thousands)

December 31, 2015 and 2014

standard index. The private equity funds have a strategy of investing in early-stage companies and entrepreneurs within the health care industry. There is no public market for shares in these alternative investment vehicles. The value of the investments in the funds is determined based on the fair values of the underlying investments.

In situations when investments do not have readily determinable fair values, the fund managers provide the net asset value (NAV) per share, or its equivalent, to the System. The NAV provided by the fund managers is supported by underlying audit reports of the private investment funds. The System previously adopted ASU 2009-12, which provided a practical expedient for certain investments to use net asset value per share to measure fair value. Accordingly, the System uses the NAV as a practical expedient for fair value for each of its alternative investments.

During 2011, the System committed to investing \$10,000 in the private equity fund with a lock-up period of ten years. The System's interest is nonredeemable and the System has contributed \$8,897 to this investment as of December 31, 2015.

During 2015, the System committed to investing an additional \$10,000 in the second tranche of this private equity fund with a lock-up period of 10 years. The System's interest is nonredeemable and the System has contributed \$1,050 to the investment as of December 31, 2015.

During 2015, the System committed to investing \$78,125 in the private equity alternative fund with an expected time horizon of 5-7 years. The System's interest is nonredeemable and the System has contributed \$11,908 as of December 31, 2015.

In January 2016, an additional \$56,000 of the System's investments were invested in alternative investment vehicles.

Investments in Joint Ventures

At December 31, 2015 and 2014, investments in joint ventures amounted to \$122,802 and \$114,808, respectively. Other investments also included in this line in the consolidated balance sheets consist primarily of investments reported at cost and real estate held for investment.

The joint ventures consist of 49 privately held health care organizations in which the System's ownership interest ranges from 20% to 50%. The collective financial position of the joint ventures as of and for the years ended December 31 were:

	2015	2014
Total assets	\$ 303,292	\$ 304,971
Net revenues	475,290	436,860
Net income	74,689	69,608

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

The System's share of earnings on the investments in joint ventures is included in other operating revenue in the consolidated statements of operations. The System recorded activity related to joint ventures for the years ended December 31 as follows:

	2015	2014
Earnings on investments in joint ventures	\$ 33,283	\$ 32,495
New investments in joint ventures	4,659	893
Distributions received from joint ventures	29,191	28,244

The System both purchases services and sells services and supplies to several joint ventures. In 2015 and 2014, services purchased from joint ventures totaled \$22,693 and \$20,580, respectively. Services and supplies sold to joint ventures in 2015 and 2014 were \$8,626 and \$7,576, respectively. The System has loaned \$4,500 to a joint venture as of December 31, 2015, with an additional commitment of up to \$200. This loan is interest bearing and carries a rate of interest commensurate with prevailing market rates.

Note 6: Property, Plant and Equipment

Property, plant and equipment is stated at cost and is summarized at December 31 as follows:

	2015	2014
Land	\$ 172,076	\$ 166,900
Land improvements	59,881	58,516
Buildings, improvements and fixed equipment	2,026,058	1,919,811
Moveable equipment	1,374,247	1,213,706
	<u>3,632,262</u>	<u>3,358,933</u>
Less accumulated depreciation and amortization	1,983,152	1,783,465
	<u>1,649,110</u>	<u>1,575,468</u>
Construction/information systems installation in progress	133,575	144,316
Net property, plant and equipment	<u><u>\$ 1,782,685</u></u>	<u><u>\$ 1,719,784</u></u>

As of December 31, 2015 and 2014, the System has committed approximately \$255,784 and \$224,287, respectively, for costs related to various hospital construction and information systems projects. The System plans to fund the majority of these projects through internal funds, with supplemental debt financing for certain projects.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

The Series 1992A, 2012A and 2012C Bonds were issued by MHS prior to their affiliation with the System, and thus they were the sole obligor under the bond indenture. In May 2014, MHS and Meriter Hospital, a subsidiary of MHS, became members of the System's obligated group of joint and severally liable parties to the System's master trust indenture. As a result of this transaction, the System and the obligated group became additional obligors to the Series 1992A, 2012A and 2012C Bonds.

On May 21, 2014, the System issued \$174,380 of Wisconsin Health and Educational Facilities Authority (WHEFA) Revenue Bonds, Series 2014A and Series 2014B, to refinance debt held by MHS prior to the affiliation and \$69,145 of Iowa Finance Authority Health Facilities Revenue Bonds, Series 2014C, to refund a portion of the Series 2005A Bonds. The Series 2014B Bonds have a mandatory tender date less than one year, if not remarketed, and are reported as current maturities of long-term debt.

In August 2014, one of the System's subsidiaries issued tax-exempt Hospital Revenue Bonds, Series 2014A, with an aggregate principal amount not to exceed \$8,250 and taxable Hospital Revenue Bonds, Series 2014B, with an aggregate principal not to exceed \$2,750 through the City of Anamosa, Iowa, to finance a renovation and expansion capital project. Amounts are only reflected as a liability as funds are drawn down. The amount outstanding at December 31, 2015 was \$7,665 and \$915, respectively.

The Series 2011 Bonds are obligations of Black Hawk Grundy Mental Health that were issued prior to their affiliation with Waterloo. The proceeds were used to refund a prior outstanding bond, repay a construction line-of-credit, and fund the remainder of the facility addition. The bond is secured by a first mortgage lien on the facility and a security interest in certain personal property, machinery and equipment. The amount outstanding as of December 31, 2015 was \$524.

The Series 2013, 2011, 2010, 2009, 2008, 2006A and 2005 Bonds (collectively "the Bonds") are general obligations of the System and its affiliates. The System is required to meet certain operating and financial ratios contained in the master bond trust indenture, bond insurance agreements and bank letter of credit agreements (related to the variable rate demand bonds). The Bonds are subject to the provisions of amended and restated master trust indentures, which generally require monthly or quarterly deposits for principal and interest payments be made, and certain funds be maintained by the trustee for interest payment and bond retirement purposes. The Bonds are secured by the System's revenues.

The variable interest rates on substantially all of the bonds are adjusted daily or weekly by remarketing agents. The bonds may be tendered by the bond holders each interest rate period. The System maintains letters of credit that can be drawn on should the bonds not be remarketed. These letters of credit expire beginning in 2016 through 2020 and are renewable, subject to trustee approval and at the option of the providers, throughout the term of the bonds. See below for further discussion on letters of credit expiring in 2016. Outstanding amounts under the letters of credit are due at the earlier of expiration of the agreement or over a period of three years, commencing after an initial outstanding period of 366 days or more.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

On January 4, 2016, the System issued \$93,610 of direct note obligations, Series 2016A, to refund the Series 2009A and Series 2009B Bonds. On February 1, 2016, the System issued \$51,220 of Illinois Finance Authority Refunding Revenue Bonds, Series 2016B, to refund the Series 2011B Bonds. On January 22, 2016, the System issued \$11,410 of Iowa Finance Authority Refunding Revenue Bonds, Series 2016C, to refund the series 2006 Bonds. The Series 2016A, 2016B and 2016C Bonds removed the requirement to maintain letters of credit set to expire in 2016.

On December 1, 2014, the System established a \$200,000 taxable commercial paper program, which had \$25,000 drawn on it as of December 31, 2014 and \$28,503 drawn on it as of December 31, 2015. The System's commercial paper program is sold in tranches, with varying maturities of one to 270 days, so that no more than \$25,000 will mature in any five business day period.

On January 6, 2012 and August 1, 2012, the System entered into two separate revolving line of credit facilities that provide for revolving credit in an aggregate principal amount of up to \$50,000 each. The interest rates applicable to loans under the credit agreements are based on LIBOR plus certain margins, as defined in the agreements. Additionally, the facilities carry a commitment fee, which is charged on the average daily undrawn portion of the facilities. These credit facilities mature on December 22, 2016 and January 5, 2018. These agreements contain various financial covenants that mirror those in the System's master bond trust indenture.

Aggregate annual maturities of long-term debt during the years ending December 31 are as follows:

	Accelerated Maturities with Letter of Credit Expirations	Scheduled Maturities Based on Loan Agreements
2016	\$ 187,667	\$ 187,667
2017	115,114	39,859
2018	40,461	41,591
2019	117,226	38,486
2020	26,028	37,228
Thereafter	626,166	767,831
	<u>\$ 1,112,662</u>	<u>\$ 1,112,662</u>

(Dollars in Thousands)

December 31, 2015 and 2014

Note 8: Interest Rate Swaps

Swaps Designated as Hedging Instruments

As a risk management strategy to maintain acceptable levels of exposure to the risk of changes in future cash flows due to interest rate fluctuations, the System entered into three interest rate swap agreements, with the following aggregate terms and fair values:

Trade Date	Maturity Date	Current Notional Amount	System Pays	System Receives	Accounting Treatment	Fair Value	
						2015	2014
2005	2035	\$ 113,660	3.5%	62.4% of LIBOR + 29 bps	Cash Flow Hedge	\$ (18,931)	\$ (23,914)

These swap agreements effectively converted the Series 2005B variable rate bonds into fixed rate debt at a rate of 3.5% (4.1% including transaction costs). During 2009, these swaps were redesignated to hedge the Series 2009 A-D Bonds. During 2013, a portion of the proceeds from the issuance of the Series 2013B Bonds were used to repay the Series 2009C Bonds. As a result, the System redesignated a portion of the swaps that were hedging these Bonds to hedge the new Series 2013B Bonds. The swap agreements have an aggregate notional amount of \$113,660 and \$136,370 at December 31, 2015 and 2014, respectively.

Management has designated the above interest rate swap agreements as cash flow hedging instruments, and has determined that these agreements are highly effective. The aggregate fair value of the swap agreements is recorded as a long-term liability of \$(18,931) at December 31, 2015 and \$(23,914) at December 31, 2014. The change in fair value of \$941 and \$(9,850) for the years ended December 31, 2015 and 2014, respectively, is reported as part of the change in unrealized gains and losses on swaps. The year-over-year change in fair value is partially offset by a reduction of \$4,042 due to payments made to unwind a portion of the notional amount, as discussed below. Interest, the net of what the System pays and receives under the two legs of the swaps, is settled monthly on each swap agreement and is reported as interest expense.

During 2014, the System reduced the notional amount of these swap agreements by \$38,815 by paying \$4,408 as of the date of the transactions to the counterparty. During 2015, the System further reduced the notional amount of these swap agreements by \$19,580 by paying \$4,042 as of the date of the transactions to the counterparty. This fair value remains a component of unrestricted net assets and will be amortized into interest expense over the remaining life of the swap. As of December 31, 2015 and 2014, \$8,002 and \$4,294 remains in unrestricted net assets to be amortized and \$334 and \$114 was amortized into interest expense in 2015 and 2014, respectively.

The System has provisions within certain interest rate swap agreements that would require it to post collateral should the negative fair value of the agreements exceed certain thresholds, which are between \$25,000 and \$55,000 depending on the agreement, or the System's credit rating falls below Aa3 by Moody's or AA- by S&P. As of December 31, 2015, the System has not been required to post collateral under these agreements.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

The table below presents certain information regarding the System's interest rate swap agreements designated as cash flow hedges. The System has additional derivative instruments at December 31, 2015 and 2014 that are no longer designated as hedging instruments under ASC 815 (*Derivatives and Hedging*), which are shown in the "Other Swap Agreements" section below the table.

	2015	2014
Other Long-term Liabilities		
Fair value of interest rate swap agreement	\$ (18,931)	\$ (23,914)
Unrestricted Net Assets		
Gain (loss) recognized in changes in unrealized gains and losses on investments (effective portion)	941	(9,850)
Operating Expenses		
Loss recognized in interest expense	334	114

Other Swap Agreements

The System has also entered into the following interest rate swap agreements which are no longer designated as hedging instruments. The System has elected to carry these swaps as an investing activity, until such time that satisfactory termination values can be obtained, or their respective maturity date.

Trade Date	Maturity Date	Notional Amount	System Pays	System Receives	Fair Value	
					2015	2014
2006	2030	\$ 60,000	100% of SIFMA*	68.0% of 10Y LIBOR + 14.3 bps*	\$ 2,804	\$ 1,966
2006	2037	137,450	3.8%	61.9% of LIBOR + 31 bps	(36,877)	(36,135)
2006	2023	37,800	3.5%	61.9% of LIBOR + 31 bps	(5,028)	(5,393)
2005	2035	56,830	3.3%	62.4% of LIBOR + 29 bps	(8,775)	(8,876)
2008	2026	21,250	3.5%	63.0% of 1m LIBOR + 30 bps	(2,592)	(2,870)
2008	2024	13,950	3.5%	63.0% of 1m LIBOR + 30 bps	(1,423)	(1,651)
2002	2032	24,000	3.5%	67.0% of 1m LIBOR	(5,224)	(5,242)
					<u>\$ (57,115)</u>	<u>\$ (58,201)</u>

*Through February 15, 2017, MHSC will pay 68% of 10Y LIBOR + 14.3 bps. After that date, payment will revert back to the contracted terms, which are stated in the table above.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

The aggregate fair value of the unhedged swap agreements are recorded as long-term investments of \$2,804 and \$1,966 and long-term liabilities of \$(59,919) and \$(60,167), as of December 31, 2015 and 2014, respectively. The change in fair value of \$1,086 and \$(19,687) is included as a component of other income as of December 31, 2015 and 2014, respectively. Interest, the net of what the System pays and receives, is settled monthly or quarterly on each swap agreement and is reported as other income (loss).

In prior years, certain swap agreements previously designated as hedges by the System were deemed to be ineffective. The ineffective portion of these changes in fair value, previously deemed effective, is being amortized into other income (loss) over the remaining life of the swap. As of December 31, 2015 and 2014, \$(455) and \$(516), respectively, of net unrealized losses remain in net assets to be amortized and \$(61) was amortized into other loss in both 2015 and 2014.

Upon affiliation with MHS, three swap agreements with an aggregate notional amount of \$65,750 and fair value of \$(7,531) at January 1, 2014 were inherited by the System. As part of the issuance of the Series 2014 Bonds, these swaps became secured under the System's master trust indenture. These swaps are accounted for as unhedged instruments with their fair values recorded as other long-term liabilities within the consolidated balance sheets.

Other Swaps:

	2015	2014

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Note 9: Related-Party Transactions

The System purchases a variety of services and products, including leases, from companies affiliated with members of the Boards of Directors of the System and/or its subsidiaries. Services and products purchased from these affiliated companies during 2015 and 2014 totaled \$33,207 and \$24,272, respectively. In addition, the System purchases services from several joint ventures and sells services and supplies to several joint ventures in which the System is also an investor.

The System has recorded receivables for amounts held by nonconsolidated foundations on behalf of the System of \$48,801 and \$48,754 as of December 31, 2015 and 2014, respectively. Contributions received from nonconsolidated foundations and other related parties were \$5,138 and \$4,583 in 2015 and 2014, respectively.

The System believes these transactions are consummated under commercially reasonable business arrangements.

Note 10: Retirement Benefit Plans

Defined Contribution Retirement Plans

The System has several defined contribution benefit plans which are available to substantially all employees meeting age and length of service requirements. Participating employers annually determine the amount, if any, of the System's contributions to the plans. Total benefit expenses under the defined contribution plans were approximately \$69,780 and \$61,865 for 2015 and 2014, respectively. The System also has deferred compensation plans for certain employees. Total expenses under the deferred compensation plans were \$6,399 and \$8,148 for 2015 and 2014, respectively.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Defined Benefit Plans

Prior to 2001, substantially all employees of four of the System's subsidiaries were covered by noncontributory defined benefit pension plans, all of which have subsequently been frozen to new participants or terminated. The System's funding policy is to make the minimum annual contribution that is required by applicable regulations, plus such amounts as the System may determine to be appropriate from time to time.

The noncontributory defined benefit plan for Methodist Health Services, Inc. (MHSC or Methodist Peoria) has been frozen to new participants since 2007. As of December 31, 2012, MHSC froze its defined benefit pension plan with regard to accrual of additional benefits by participants in the plan. The noncontributory defined benefit pension plan for Proctor Health Care (PHC or Proctor Peoria) has been frozen with regard to the accrual of additional benefits and new participants since 2008. There is currently no arrangement to terminate the plans and contributions will continue to the extent the plans remain underfunded. The unrecognized pension benefit costs in unrestricted net assets were eliminated for both the MHSC and PHC plans as part of the accounting for the affiliation with the System.

Upon the affiliation with MHS (Madison) during 2014, the System inherited their defined benefit pension plan. Substantially all of the employees of MHS are eligible to participate in the plan. Benefits under this plan are based primarily on years of service and employees' compensation. As of December 31, 2014, MHS froze the plan for all non-union and service union covered employees. As of December 31, 2015, MHS froze the plan for all nurses' union participants. Subsequent to these dates, no additional benefits will be accrued by the frozen participants in the plan. As a result of the plan freeze, a curtailment gain of \$641 and \$1,610 was recognized in the consolidated statements of operations for the years ended December 31, 2015 and 2014, respectively.

During 2010, the Madison plan and MHS, the plan sponsor, became defendants in a lawsuit filed by a former employee alleging that the Madison plan violated various provisions of ERISA and underpaid participants' benefits. During 2014, the parties reached an agreement to completely and finally resolve all claims that were alleged or could have been alleged in the lawsuit for a total settlement value of \$82,000. The district court approved the settlement in 2015. The liability was included in the fair value of liabilities assumed by the System on the January 1, 2014 affiliation date with MHS.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

During 2014, certain plans were amended to provide a one-time election for certain participants to receive a distribution of their vested benefit at an early distribution date. Lump sum distributions of \$42,358 were made during 2014 to those participants making the election.

The System expects to contribute \$25,615 to the plans in 2016. The System uses a December 31 measurement date for the plans.

The following tables set forth information about each defined benefit plan:

	As of December 31, 2015					
	Des Moines	Methodist Peoria	Proctor Peoria	Madison	Cedar Rapids	Waterloo
Change in benefit obligation						
Benefit obligation, beginning of year	\$ 201,160	\$ 247,365	\$ 72,655	\$ 281,072	\$ 133,459	\$ 68,435
Service cost	-	-	-	2,334	-	656

The System has estimated the long-term rate of return on plan assets based primarily on historical returns on plan assets, adjusted for changes in target portfolio allocations and recent changes in long-term interest rates based on publicly available information.

Plan assets are held by bank-administered trust funds, which invest each plan's assets in accordance with the provisions of the plan agreements. The plan agreements permit investment in common stocks, corporate bonds and debentures, U.S. Government securities, and other specified investments, based on certain target allocation percentages.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Asset allocation is primarily based on a strategy to provide stable earnings while still permitting the plans to recognize potentially higher returns through investment in equity securities and limited exposure to alternative investments. Target asset allocation percentages for 2015 and 2014 were as follows:

	2015					
	Des Moines	Methodist Peoria	Proctor Peoria	Madison	Cedar Rapids	Waterloo
Equity securities	13%	56%	45%	45%	28%	5%
Fixed income	75	28	39	40	66	88
Alternative investments	12	16	16	15	6	8

	2014					
	Des Moines	Methodist Peoria	Proctor Peoria	Madison	Cedar Rapids	Waterloo
Equity securities	17%	56%	54%	45%	30%	22%
Fixed income	73	29	29	40	65	72
Alternative investments	10	15	17	15	5	6

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Plan assets are re-balanced quarterly. At December 31, 2015 and 2014, plan asset allocations are as follows:

Defined Benefit Plan Assets

The valuation methodologies and inputs used for pension plan assets measured at fair value on a recurring basis, as well as the general classification of pension plan assets pursuant to the valuation hierarchy, are described below. There have been no significant changes in the valuation techniques during the year ended December 31, 2015.

Where quoted market prices are available in an active market, plan assets are classified within Level 1 of the valuation hierarchy. Level 1 plan assets include exchange traded equities and mutual funds as well as cash equivalents held in money market accounts. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified within Level 2 of the valuation hierarchy. Level 2 plan assets include U.S. Government obligations, U.S. Treasury obligations and corporate debt. In certain cases where Level 1 or Level 2 inputs are not available, plan assets are classified within Level 3 of the hierarchy. There are no Level 3 plan assets.

The value of certain plan assets classified as alternative investments is determined using net asset value (or its equivalent) as a practical expedient.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

The following table presents the fair value measurements of the System's pension plans' assets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to amounts presented in the change in fair value of plan assets above.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid as of December 31, 2015:

2016	\$	45,148
2017		48,140
2018		51,360
2019		52,451
2020		55,208
2021 - 2025		300,699

Note 11: Risk Management

The System's hospitals are primarily self-insured for professional and general liability for amounts of \$5,000 per claim (\$3,000 per claim for MHSC) and \$30,000 in the aggregate annually. MHS is fully insured with limits of \$1,000 per occurrence and \$3,000 per policy year. The Injured Patients' and Families' Compensation Fund of the State of Wisconsin will cover claim awards in excess of these limits for MHS. Professional and general liability insurance coverage is maintained on a claims-made basis, with a liability limit of \$50,000. Other entities of the System maintain their professional and general liability coverage on a claims-made basis with no significant deductibles.

The System is primarily self-insured for workers' compensation and employee health care claims. Workers' compensation claims individually and in the aggregate that exceed certain amounts are covered by insurance.

Property insurance is maintained with at least 90% replacement value coverage and minimal deductibles. Network security and information privacy insurance as well as business interruption insurance coverage is also maintained by the System.

The System has accrued as other liabilities \$97,235 and \$99,533 for self-insured losses at December 31, 2015 and 2014, respectively. These liabilities are presented on a gross basis and the expected offsetting insurance recoveries are reported as a receivable. The accrued liabilities are based on management's evaluation of the merits of various claims, historical experience and consultation with external insurance consultants and actuaries, and include estimates for incurred but not reported claims. There can be no assurance that the accrued liabilities will be sufficient for the ultimate amounts that will be paid for claims and settlements. Also, in the ordinary course of business, the System is involved in other litigation and claims, none of which management believes will ultimately result in losses that will adversely affect the System's consolidated net assets or results of operations to a material degree.

Cash and investments have been internally designated to be held for payments of claims, if any, which may result from the self-insured or uninsured portion of liability insurance and workers' compensation claims. At December 31, 2015 and 2014, cash and investments designated for this purpose amounted to \$29,335 and \$33,304, respectively.

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Note 12: Lease Commitments

Certain property and equipment is being leased under long-term noncancelable operating leases. In most cases, management expects that, in the normal course of operations, the leases will be renewed or replaced by other leases. The total rent expense under operating leases for 2015 and 2014 was \$74,045 and \$56,388, respectively.

The following is a schedule by year of future minimum rental payments required under noncancelable operating leases that have initial or remaining noncancelable lease terms in excess of one year as of December 31, 2015:

2016	\$ 45,884
2017	36,785
2018	30,904
2019	26,040
2020	20,951
Thereafter	81,909
Total minimum payments required	<u>\$ 242,473</u>

Note 13: Disclosures About Fair Value of Assets and Liabilities

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. An entity must maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in active markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Financial Instruments Measured at Fair Value on a Recurring Basis

The valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy, are described below. There have been no significant changes in the valuation techniques during the years ended

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

December 31, 2015 or 2014. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include exchange traded equities and mutual funds, certificates of deposit and cash equivalents held in money market accounts. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified within Level 2 of the valuation hierarchy. Level 2 securities include U.S. Treasury obligations, U.S. Government agency obligations, municipal bonds, collateralized mortgage and other collateralized asset obligations, corporate debt and certain beneficial interest in perpetual trusts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. Level 3 financial instruments include beneficial interest in perpetual trusts, which are discussed below. Inputs and valuation techniques used for these Level 3 interests are described below.

Fair value determinations for Level 3 measurements of securities are the responsibility of management. Management contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. Management challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Interest Rate Swap Agreements

The fair value is estimated using forward-looking interest rate curves and discounted cash flows that are observable or can be corroborated by observable market data and, therefore, are classified within Level 2 of the valuation hierarchy.

Beneficial Interest in Perpetual Trusts

The fair value is estimated at the present value of the future distributions expected to be received over the term of the agreement. Trusts that have a definite duration based on the terms of the trust document, and where the System has the ability to redeem the investment for the underlying assets at some future point, are classified within Level 2 of the valuation hierarchy due to the nature of the valuation inputs. For trusts that are perpetual in nature, in which the underlying assets will never be available to the System, the interest is classified within Level 3 of the hierarchy.

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying consolidated balance sheets using significant unobservable (Level 3) inputs:

	Beneficial Interest in Perpetual Trusts
Balance, January 1, 2014	\$ 6,914
Gain on beneficial interest in perpetual trusts	<u>146</u>
Balance, December 31, 2014	7,060
Loss on beneficial interest in perpetual trusts	<u>(319)</u>
Balance, December 31, 2015	<u><u>\$ 6,741</u></u>

Nonrecurring Measurements

The following table presents the fair value measurement of assets acquired during the year which are measured at fair value on a nonrecurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015:

		2015 Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
Goodwill	\$ 54,491	\$ -	\$ -	\$ 54,491

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Goodwill

Goodwill is evaluated for impairment at least annually and any identified impairment loss is recognized as expense when it is determined that the carrying amount of the goodwill exceeds its implied fair value. The key inputs used to assess for potential impairment are a qualitative analysis of the applicable reporting unit and a quantitative discounted cash flow analysis. These inputs are classified within Level 3 of the fair value hierarchy.

Unobservable (Level 3) Inputs

The following table presents quantitative information about unobservable inputs used in recurring and nonrecurring Level 3 fair value measurements:

	Fair Value	Valuation Technique	Adjustment to NAV
Recurring			
Beneficial interests in perpetual trusts	\$ 6,741	Present value of future distributions expected to be received over term of agreement	N/A
Nonrecurring			
Goodwill	54,491	Discounted cash flow	N/A

Note 14: Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes or periods as of December 31:

	2015	2014
Purchase of equipment	\$ 36,154	\$ 30,099
Indigent care/operations	30,698	30,221
Health education	11,345	12,380
For use in future periods	18,157	19,792
Total temporarily restricted net assets	<u>\$ 96,354</u>	<u>\$ 92,492</u>

Iowa Health System and Subsidiaries d/b/a UnityPoint Health

Notes to Consolidated Financial Statements

(Dollars in Thousands)

December 31, 2015 and 2014

Permanently restricted net assets are restricted to the following as of December 31:

	2015	2014
Investments (generally including net investment appreciation and depreciation) to be held in perpetuity (income is unrestricted)	\$ 21,729	\$ 24,638
Investments (generally including net investment appreciation and depreciation) to be held in perpetuity (income is restricted for various purposes as directed by the donors)	38,997	35,323
Total permanently restricted net assets	<u>\$ 60,726</u>	<u>\$ 59,961</u>

Note 15: Asset Retirement Obligation

Accounting principles generally accepted in the United States of America require that an asset retirement obligation (ARO) associated with the retirement of a tangible long-lived asset be recognized as a liability in the period in which it is incurred or becomes determinable (as defined by the standard) even when the timing and/or method of settlement may be conditional on a future event. The System's conditional asset retirement obligations primarily relate to asbestos contained in various buildings. Environmental regulations in the states where the System operates require the System to handle and dispose of asbestos in a special manner if a building undergoes major renovations or is demolished.

A summary of changes in asset retirement obligations, which are included on the accompanying consolidated balance sheets in other long-term liabilities, during 2015 and 2014 is included in the table below.

	2015	2014
Liability, beginning of year	\$ 15,403	\$ 14,289
Liabilities incurred	85	-
Liabilities assumed in affiliations	-	718
Liabilities settled	(184)	(381)
Accretion expense	988	736
Changes in estimates, including timing	-	41
Liability, end of year	<u>\$ 16,292</u>	<u>\$ 15,403</u>

December 31, 2015 and 2014

Note 16: Commitments and Contingencies

The health care industry is subject to numerous laws and regulations of federal, state and local governments. Compliance with these laws and regulations can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Government activity has increased with respect to investigations and allegations concerning possible violations of regulations by health care providers, which could result in the imposition of significant fines and penalties as well as significant repayments of previously billed and collected revenues for patient services. The System has a corporate compliance plan intended to meet federal guidelines. As a part of this plan, the System performs periodic internal reviews of its compliance with laws and regulations. As part of the System's compliance efforts, the System investigates and attempts to resolve and remedy all reported or suspected incidents of material noncompliance with applicable laws, regulations or policies on a timely basis. The System believes that these compliance programs and procedures lead to substantial compliance with current laws and regulations.

The System is in various stages of responding to inquiries and investigations by regulators. These various inquiries and investigations could result in fines and/or financial penalties, which could be material. At this time, the System is unable to estimate the possible liability, if any, that may be incurred as a result of these inquiries and investigations, but the System does not believe it would materially affect the financial position of the System.

Guarantees

The System has guaranteed approximately \$32,043 and \$33,850, which is outstanding at December 31, 2015 and 2014, respectively, relating to long-term debt for the construction of a family practice residency program education facility, a managed facility's building project, and debt related to joint ventures.

Note 17: Subsequent Events

Subsequent events have been evaluated through April 19, 2016, which is the date the consolidated financial statements were issued.

Definitions

MC - Methodist College (Peoria)
TCN - Trinity College of Nursing & Health Sciences (Quad Cities)
AC - Allen College (Watertown)
SLC - St. Luke's College (Sioux City)

Note 1: Fixed assets utilized by AC belong to their parent hospital corporation, Allen Memorial Hospital Corporation (AMH), and thus are not reflected in the balance sheet of the College.

AC receives the benefit of using certain space within AMH's facilities, but donated revenue and donated expense is not reflected within the income statement of AC.

Note 2: Certain assets and liabilities, such as accrued liabilities, are also not shown separately on the AC balance sheet, but rather included in AMH.
